

# Install & Upgrade guide

## Installing eHour

There are two types of eHour installations:

| Type                       | Description   |
|----------------------------|---|
| <a href="#">Standalone</a> | Install eHour using an installer. This is the easiest method of installing eHour. |
| <a href="#">WAR file</a>   | Deploy eHour in Apache Tomcat.  |
